FACULTY OF SCIENCE AND TECHNOLOGY (FST)
Group Assignment (10%)
Group Assignment for CSS 121 - Computer Programming with Java

Using Java programming language, and Swing framework, write a Java program that, when executed, produces a window similar to the one shown in Figure 1. The code may optionally include the event handlers.

Figure 1: Java Swing window

Instructions

1. The source code be sent by the group leader over the email (fgkilima@mu.ac.tz) on 23 June 2025 between 10:00 - 11:00pm, strictly using an email address with MU domain (@mustudent.ac.tz).

2. Avoid all forms of cheating, including copying other groups' work, or submitting AI-generated code.
